ied. The dachshund is considered to be mational dog of Germany, and he had to buildog is to the English, the leto the French, the borzoi to the lan and the Boston terrier to the clean. The rough dachshund is permore a native of the south, and may be a cross of the old spaniels angary and Transylvania in his make. One of the best specimens of the dachshund now in the United States be properly of Mrs. Payre Whitney, owed outside of New York State. Bos-

America.

The make and shape of the dachshund his brother Winthrop Rutherford, still among the foremost proprietors of high there have been slight divergences in type, a distinction being made between what is known as the "hound" and the "terrier" types. The hound type is the more inclined to the long and narrow head, with the long and pendulous ears, set low, as a bloodhound. On the contrary, the terrier type is flat over the theory of the terrier type is flat over the head, the ears are set on higher than in the other or houndlike dog and the body is generally shorter. The houndlike type had the call in Germany. In both countries there work the terrier type had the call in Germany. In both countries there hound type gained a good deal among those popularity and had its partisans. The hound type gained a good deal among those people who kept these dogs as companions, the terrier type anneals was also as the foremost proprietors of high class dogs. Rubenstein was an imported dog and many points ahead of all opponents.

The Dachshund Club of America is a popular body and its show on the grounds at Blackloft, Mr. and Mrs. Charles H. Lester's residence near Englewood, N. J., on July 18 proved that its members posses good and sound dogs. The New York show is generally considered the grand test of the outward merits or good looks. Among these may be mentioned Blue Blood Lady Helen, Blue Blood Indoor Helen, Blue Blood Lady Helen, Blue Blood Indoor Helen, Blue Blood Lady Helen, Blue Blood Lady Helen, Blue Blood Lady Helen, Blue Blood Indoor Helen, Blue Blood Lady Hel

were first given breed classes in England in 1873, and in 1875 the Prince of Wales, afterward King Edward VII., won with the red colored Deurstitch, a black and tan dachshund of his own breeding, and of the terrier type. In some notable cases, however, the hound type of head is particularly noticeable on some of the dogs on the show benches in America. There is not the crook in the legs of the American dachshunds as was liked and ed of the judges heretofore. sidered one of the most important and distinguishable points of the breed.
"The legs are among the more important

Manitoba Rap was bred by W. T. Flelder of Louisville, Ky., and was whelped April 4, 1996. He was a white, liver and liver ticked doz, and by Ripple, by Young Rip Rap, by Champion Rip Rap and out of Gorham's Dorothy, by Cha Jingo, by Champion King of Kent. Champion

Manitoba Rap, when he accomplished his noted field trial wins and performances was the property of the late Thornas Johnson of Winnipes, Man., who took the greatest pride in the dog and registered the United States bred pointer Manitoba Rap. Rap. Was a small dec.

He was the first pointer to win the national championship, which he acnational championship, which he ac-complished about a year later. His other field trial wins were: Third, Continental Derby; third, Pointer Club's Derby, and first same club's All Age, 1907; third, Independent All Age; fourth, Kentucky first, Eastern Club's All Age 1908, winding up by winning the natio

Joseph Buchanan of Ambler, Pa.

BLUE COCKER SPANIEL IS FIRST ON RECORD

New Variety of Dog Makes Its Appearance in Dr. Holdenby's Kennels at Englewood.

A blue cocker spaniel has been bred by Dr. H. S. Holdenby of Englewood, N. J. It is thought to be the only one of that color yet produced, and the little bitch appears as one able to battle against the vicissitudes of puppyhood and grow into a full grown cocker, certainly of the best breeding and with plenty of good looks. This little bitch is of the chade generally associated with Maltese cats, and self-colored—not having a white hair on her. She is by Champion Corporal Prim out of Joy, by Champion Corporal Prim. The pupples have been bred from blacks for five generations. Of the four pupples in the litter, three are sloe black.

Dr. Holdenby's little bitch gets along all right she will certainty be known in spaniel history as a foundress of a new strain of colored spaniels. There is no record of any solid blue spaniel ever have been bred, and certainly none has been exhibited. This blue color is to be observed in grey-pounds. Great Papers with talken. blue color is to be observed in grey-hourds. Great Danes, whippets, Italian greyhounds and blue and tan terriers. All of these are of the smooth or short coated varieties. There is blue in Bedlingtons, Airedales, Pandle Dinmons, Skye terriers, Scottish terriers, Yorkshire terriers, but the coats of these dogs are quite different from those of spaniels of the cocker kind. The throwback in the case of the

Englewood youngster must be a long way off. Still it is there all the same. Dr. spaniels, and he confesses to his surprise on reaching his kennels and seeing tourist of the new litter. The pupples a distinctly purebred spaniels. It will observed that the dam was put back to orporal Prim.

There have been other "foreign" colors,

introduced by accident more than design on the part of breeders, among the cocker spaniels. The buffs were first seen in New Haven, Conn., so James Watson says, in or about 1884. The buffs grew
